

The Dragonfly symbolizes change and change in the perspective of self realization – understanding the deeper meaning of life.

THE DRAGONFLY FUND

Our mission is to provide support for transplant patients, their families and caregivers. We strive to bring awareness to the value of organ donation and to thank all donors past, present and future. Funds from the golf outing will help support a resource center at the hospital dedicated to the family and friends of transplant patients.

For more information on how you can support this mission, go to:
